On behalf of the CEIS Administrators, teachers and staff, I would like to express my warmest Congratulations to all our Completers and Graduates for successfully completing all their academic requirements amid the COvid 19 Pandemic. Your hard work and perseverance to finish your online tasks has finally paid off.

For the SHS students, we are certain that with the SHS Academic Programs, you are rightfully prepared and well equipped with the essential skills to achieve higher goals and aspirations.

A heartfelt Congratulations to all Parents, Guardians, Family and Relatives of all our Completers and Graduates for without your moral support, strict guidance and fervent prayers, our Graduates and Completers will not be able to make all these things possible.

Congratulations and good wishes to all Completers and Graduates of Class 2021!

Truly, this is your day. Today marks the celebration of your hard work and achievements.

Time flies so fast. No one thought that you can survive the "New Normal." The hardship and struggles you have gone through such as getting up early and going to bed late just to finish all the requirements; taking quarterly exams, submitting projects and research paper, passing the oral defense and not to forget the problem in the connectivity-but all these were made easy because of your determination, perseverance and patience. All your sacrifices have paid off and you all survived the challenges. YOU DID IT!

With this, we the CEIS Administrators together with your teachers, parents, relatives and friends are happy and very proud of your achievement despite the challenges of online learning, no one had stopped you to learn.

Thank you dear Graduates and Completers for believing in our capabilities and entrusting your future with us. We are grateful for your valuable support, confidence, and, most of all, trust to the institution.

My dear Graduates and Completers, always remember Graduation is not the end of hard work but rather the beginning of the new and bigger challenges in life. Follow your dreams and continue to pursue excellence.

I wish you courage as you step towards the new beginnings.

Congratulations again and may you all succeed in the years ahead.

Soar High for the New Beginning!

It is with great joy to Congratulate all of you ,Senior High School students of Centro Escolar Integrated School- Makati for graduating this Academic Year 2020-2021. The challenges brought by the pandemic did not deter you from accomplishing your responsibilities as students. Now that you are going to step up and enter a more serious chapter of your lives, I do hope that the learnings you gained within the CEIS- MAKATI walls will be a big help as you pursue your chosen field of interest. There will be challenges along the way, but never get discouraged no matter how tough the situation may get. Always remember the challenges you overcame during your senior high school years. Use this as a reminder that you are capable of weathering difficult obstacles along the way. I do hope that you enjoyed your stay within the walls of CEIS- Makati. Always be guided by your schools philosophy, ciencia y virtud, even after leaving the campus. I am confident that all of you will do great and achieve your ambitions in due time. Continue on taking the path towards the fulfilment of your dreams and aspirations. Again , congratulations CLASS 2021.
